KANSAS DEPARTMENT OF REVENUE
RESALE EXEMPTION CERTIFICATE

The undersigned purchaser certifies that the tangible personal property or service purchased from:

Seller: _____

Address: _____
Street, RR, or P. O. Box City State Zip + 4

will be **resold** by me in the form of tangible personal property or repair service. I hereby certify that I hold valid Kansas sales tax registration number _____, and I am in the business of selling _____
(May attach a copy of registration certificate)

(Description of product(s) sold; food clothing, furniture, etc.)

Description of tangible personal property or services purchased: _____

I understand and agree that if the items purchased with this certificate are used for any purpose other than retention, demonstration, or display while being held for sale in the regular course of business, I am required to report and pay the sales tax, based upon the purchase price of the items.

Purchaser: _____
Name of Kansas Retailer

Address: _____
Street, RR, or P. O. Box City State Zip + 4

Signature: _____ Date: _____

THIS CERTIFICATE MUST BE COMPLETED IN ITS ENTIRETY.

WHO MAY USE THIS CERTIFICATE? Only those businesses and organizations that are registered to collect Kansas sales tax and provide their Kansas sales tax registration number on this form may use it to purchase inventory without tax. For additional information see Publication KS-1520, *Kansas Exemption Certificates*.

Nonprofit groups or organizations exempt by law from collecting tax on their retail sales of tangible personal property (such as a PTA or a nonprofit youth development organization) should use the exemption certificate issued to it by the Department of Revenue when buying items for resale.

Wholesalers and buyers from other states not registered in Kansas should use the Multi-Jurisdiction Exemption Certificate, Form ST-28M, to purchase their inventory. **HOWEVER**, if the inventory item purchased by an out-of-state retailer who has sales tax nexus with Kansas is drop shipped to a Kansas location, the out-of-state retailer must provide to the third party vendor a Kansas sales tax registration number, either on this certificate or the Multi-Jurisdiction Exemption Certificate, for the sale to be exempt. If the out-of-state retailer **DOES NOT** have sales tax nexus with Kansas, it may provide the third party vendor a resale exemption certificate evidencing qualification for a resale exemption, **regardless** of the state in which the retailer is registered for sales tax.

Contractors, subcontractors, or repairmen may not use this certificate to purchase their materials, parts, or tools. Retailer/Contractors should use a Retailer/Contractor Exemption Certificate, Form ST-28W, to purchase their resale inventory.

WHAT PURCHASES ARE EXEMPT? Only goods or merchandise intended for resale (inventory) are exempt. Tools, equipment, fixtures, supplies, and other items purchased for business or personal use are **TAXABLE** since the buyer is the final consumer of the property.

The items purchased with this certificate must correspond to the type of business buying them. For example, a retail clothing store may only reasonably purchase items of wearing apparel and accessories with this certificate. All other kinds of items are not usually sold by a clothing store to their customers and, therefore, cannot be purchased with this certificate.

LABOR SERVICES. This certificate applies **ONLY** to items of tangible personal property. A contractor may not use an exemption certificate to purchase the labor services of another contractor or subcontractor. Taxable labor services performed by a contractor can **ONLY** be purchased without tax with a Project Exemption Certificate issued by the department or its authorized agent.

RETAINING THIS CERTIFICATE: Sellers should retain a completed copy of this certificate in their records for at least three years from the date of sale. A seller is relieved of liability for the tax if it obtains a completed exemption certificate from a purchaser with which the seller has a recurring business relationship. A certificate need not be renewed or updated when there is a recurring business relationship between the buyer and seller. A recurring business relationship exists when a period of no more than 12 months elapses between sales transactions.

Misuse of this certificate by the seller, lessor, buyer, lessee, or their representative may be punishable by fine, imprisonment, or loss of the right to issue certificates in some cities or states.

A seller who fails to exercise due care and good judgment in this regard could be held liable for the sales tax due.

THIS CERTIFICATE MUST BE COMPLETED IN ITS ENTIRETY.

ABOUT THE MULTI-JURISDICTION EXEMPTION CERTIFICATE

PURPOSE

The Multi-Jurisdiction Exemption Certificate is used whenever an exempt transaction crosses state lines. In Kansas, it takes the place of a Kansas resale or ingredient or component part exemption certificate when:

- 1) an out-of-state business, taking delivery of inventory or ingredient parts in Kansas, is not registered in Kansas,
OR
- 2) a wholesaler is buying inventory.

A Kansas business buying inventory or ingredient parts in another state may also furnish this certificate to the seller in the other state, subject to the laws of that state.

WHO MAY USE THIS CERTIFICATE?

Businesses and wholesalers from other states that do not have a Kansas sales tax number to furnish for a Kansas ingredient or component part exemption certificate or a Kansas resale exemption certificate must use this certificate to certify that they qualify for these two Kansas exemptions when making purchases in Kansas.

A Kansas wholesaler will use this certificate when buying inventory from either another Kansas business or a business in another state. Wholesalers are not required to obtain a Kansas sales tax number. A Kansas retailer may also use this certificate when purchasing inventory or ingredient or component parts from a retailer or wholesaler in another state.

WHAT PURCHASES ARE EXEMPT?

Only goods and merchandise (tangible personal property) are exempt. To be exempt, the tangible personal property must be for:

- wholesale sale,
- retail sale (resale), rental, or lease,
- an ingredient or component part of a new product to be resold, leased, or rented.

In accepting this certificate, the seller should exercise reasonable care and judgment. The property purchased must be of the type normally sold wholesale or retail, leased or rented, or used as an ingredient or component part of a product manufactured in the customer's usual course of business.

Equipment and fixtures for a business are not exempt. When purchased in Kansas, these items are taxable. When a Kansas business buys equipment or supplies from another state, the Kansas business will owe Consumers' Compensating Use tax on these purchases unless a sales or use tax of at least equal to the Kansas retailers' sales tax rate in effect where the item is used, stored or consumed. See Publication KS-1510, "Kansas Sales and Compensating Use Tax" available on the department's web site.

RETAINING THIS CERTIFICATE: Sellers should retain a completed copy of this certificate in their records for at least three years from the date of sale. A seller is relieved of liability for the tax if it obtains a completed exemption certificate from a purchaser with which the seller has a recurring business relationship. A certificate need not be renewed or updated when there is a recurring business relationship between the buyer and seller. A recurring business relationship exists when a period of no more than 12 months elapses between sales transactions.
